A PHYSICAL ON
FILE BEFORE
TRYOUTS. YOU
CANNOT TRY-
OUT WITH OUT
ONE!!**

CROSS COUNTRY

Our amazing Cross Country team is doing a fantastic job so far. Our team is one of our most hard working teams. They stay after school and straight up run for an hour and a half. We are very proud of our lovely yet sweaty team. These wonderful kids have to run 2 miles during their meets. They are very happy and very supportive of one another.

Balloon Car Challenge

In 8th grade science Mrs. Arnold is doing an experiment that has do to with making a balloon powered car travel as far as possible. How will her 4 classes do it well I'm about to tell you how they are going to do it. First they find a partner if they want one, next they discuss what materials they will need and one person will get the materials from their home. Third they put it together and then they will see how well it works, if it works very well they don't need to fix it but if it doesn't work then they will need to fix it. After they have their car made they will answer a few question on Google Classroom like "How does the mass affect the distance it travels and how much it weighs". Then they will race the cars and see who's went the farthest and the people or persons car who went the farthest wins the race.

Lady Vikings Volleyball

Hefner's volleyball team, both Varsity and Junior Varsity, are having a great season so far. Their current record is 8 wins – 2 losses, and they still have two games to go! The only two times they lost have been against their arch nemesis, Carl Albert Middle School. The team has

beaten Del Crest, Mayfield, Western Oaks, Monroney, Kerr, Cooper, Jarman, Kerr again, and Capps this year. In the two games they lost, the first game ended 3-1 and the second ended 8-2. Their next game is a rematch home game against Western Oaks on September 20th. Varsity starts the game at 4:30, and Junior Varsity following at approximately 5:30. Come out and support the team!

Student Council

Student Council signup sheets are out. Pick them up in the front office. They are due September 21st so that's this Friday. Turn your signup sheets into Ms. Clements. This year we will be helping out with school wide issues. It will be an exciting year for Student Council. So I suggest you sign up!!!

SOFTBALL WEEK

This week Lady Vikings Softball will have had a game on Monday. Now the Lady Vikings will have a game this Thursday and a big Tournament this Friday. On Monday's game Lady Vikings took a win to Capps Middle School with a score of 9 to 8. Lady Vikings work hard at practice to get ready for the tournament. At practice the girls work on an X drill and getting more help to bat. The girls work extra hard on the X drill because for every ball they miss is either 15 to 20 pushups or 15 to 20 burpees. Lady Vikings plan on a winning game streak right now they are 3 and 3, but that won't stop them from working hard. Lady Vikings hope to work hard and win Championships in the tournament this Friday.

Upcoming Choir Performances

Choir will be going to a contest in Owasso, OK in October. Then we will have a performance on November 9th called because of the brave. The next performance is in December it's a Christmas concert called my favorite time of year. Then we have another contest in March that will be fun then after that we have two more performances. We have a jazz performance called a night at the harbor then our last on is called the H factor and that will be in May. The Jazz concert will be in the cafeteria and we are going to dress it up like an old jazz club. Then in May the H factor we will perform at PCN and we will perform with their choir as well to end the year.

F.A.C.T.S

On Tuesday in F.A.C.T.S class Mrs. Thomson is assigning egg babies to her students to teaching her students about parenting. They get to have the egg babies for three days and will have to return them on Friday. They have to carry it around with them where ever they go, the children have to care for them and write down what the baby are doing every hour. They get points deducted from their project if they

leave the baby on the counter or leave it attended with an irresponsible person. Whenever the student needs to do something they can arrange a babysitter. If they get a babysitter the student get to have the babysitter for four hours free and whenever they use up those four hours they have to pay the babysitter .05 cents an hour. It's very important to

take care of these eggs to have a passing grade and learn how to be responsible.

Grateful...
Today &
Everyday!!”**

Orchestra

Hefner's 8th grade orchestra is working on three different songs to play for the All-City concert. The songs they are playing are Goblin Feast, Storm, and Spanish Serenade. They love these songs and are

working very hard on perfecting them. They have upcoming North Central Honor Orchestra. North Central Honor Orchestra, or NCHO, is a competitive and talented orchestra where students have to learn an etude and a musical song.

NCHO is an audition that the students compete in. There are a total of 10 students auditioning for NCHO. That is what 8th grade orchestra is doing!
