Football Season

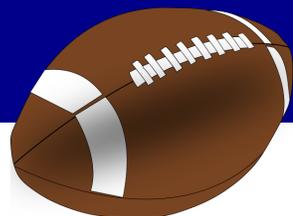

So far the boys are doing a fantastic job this season. At the beginning when the boys played against Carl Albert, the 8th grade boys had broken a record of them beating us for many years and finally took victory. The 7th and 8th grade boys have been having a good season 4-2. The 6th grade boy season has been shortened because other schools do not have enough players to play. The sixth grade boys have played one game and they took the victory playing hard against PCW. Good job boys.

How to spot and prevent bullying

This article is about how to spot and prevent bullying. You can spot bullying by listening around to see if anyone is talking about someone in a bad way. If you hear someone talking bad about someone else try to see if you can make them stop. If you see anyone being picked on by another person try to help the person being picked on, if they don't stop go to a teacher. If you don't do anything about someone being bullied then you are kind of bullying them by not helping them. Sometimes the bully will put physical contact into bullying which is NOT good because the kid being bullied COULD end up with bad injuries. If you see someone being bullied either try to stop it or tell an adult. If you are being bullied tell someone like a teacher or counselor. If you are bullying someone stop and think about "why am I bullying someone?" if you don't end up with an answer then stop bullying them, but if you end up with an answer then just talk it out with them and if you don't just think about the future. But either if you are watching someone being bullied, being the bully, or you are being bullied tell someone and stop. There is no need to be mean, I get when they say the world is not far because the world is NOT far and it never will be. So stop the bullying that's all I have to say.

NJHS

This year the 8th graders in NJHS are helping out with Viking Day, they can help out with concessions and the games. They have a trash pick-up coming up on October 13th. They also are trying to figure out what to do for their winter project

if you have any idea you can tell Mrs. Ostercamp or a member of NJHS. They also have their induction ceremony coming up on November 16 to celebrate the new members coming into NJHS, so come out and support your fellow Vikings.

Balloon Car

In 8th grade science we are creating Balloon Cars! We have to assemble a car that will move with the power of a balloon. We need to prepare materials to build the cars in class. On Friday, October 5, 2018, we will race the cars in the hall. Mr. Guerst and Mrs. Ferland is the two teams that will be going against each other. We will see who wins on Friday!

8th Grade Orchestra

The 8th grade Vikings Orchestra is practicing vigorously this week. This Saturday, North Central Honor Orchestra auditions are being held at Edmond Santa Fe High School all day. Some students have been preparing for the NCHO auditions since May. Nine Hefner Vikings will be auditioning this year. Auditioning this year will be more difficult than usual because the 8th graders are auditioning with 9th graders. They have learned a difficult etude, a march, and 3 new scales. The rest of the orchestra is also preparing three songs for their All-City concert on October 30th, Goblin Feast, Storm, and Spanish Serenade. This quarter is very exciting for the orchestra.

Break!!!

Yearbooks are on sale right now! Come and buy one you can find the sheets in Ms. Pence's room or the office. If you buy them before fall break you will get a free autographed page. They

are going to be so cool the best yearbooks at HMS yet. We all hope that you come and buy one. The kids in yearbook are working hard to make it the best yearbook ever. So why not

buy one and you can see your picture in it. If you are in sports you will also have a page just for what sport you are in.

**Remember
tough times
don't
last....tough
people do!!!**

8th Grade U.S. History Class

The general education class is doing a project where they have to write a newspaper article. They will do the article on the iPad and with a partner if the teacher has given that choice. If they talk about things other than the project then the teacher has the option to take this project away. The Honors class is reading Johnny Tremain and will have a quiz over the book tomorrow. They are also writing a three paragraph essay about Johnny Tremain book. The students are working very hard on doing their work and getting good grades. That is what the 8th Grade U.S History Class is doing this week!
